

A&I Solutions, a
Broadcom Expert Plus
Partner has proven expertise
in Broadcom Solutions and
can help customers in their
business Transformation

Broadcom Software
is a trusted partner to **10**
out of the 10 largest global
companies across major industries.

Broadcom has built a comprehensive portfolio
of industry-leading business critical software
solutions from Infrastructure Software to Security
Software, helping to modernize, optimize, and protect
the world's most complex hybrid environments.

A&I Solutions, a Broadcom Expert Plus Partner has a proven track record and shown commitment to their customers' success by completing Broadcom's highest standard of training requirements, added investments in certifications, and collaboration with Broadcom Engineering and Product Management in development and feedback of Broadcom's products and solutions. Coupled with Broadcom's category leading software solutions, our **Expert Advantage Consulting Services Partner Experts** have the capabilities and expertise to guide customers in their digital transformations resulting in optimal business outcomes.

Why A&I Solutions?

At A&I Solutions, we're always striving to be the best: premier partnerships, top-of-the-line innovation, and, most of all, happy customers. Our commitment to never settling is the reason why we've been in business for over 20 years and continue to grow. From end-to-end technical services to comprehensive software solutions, we provide what's needed when it's needed most.

END-TO-END CAPABILITIES

With an extensive portfolio of IT services and solutions, A&I offers our customers a one-stop-shop to meet their evolving technology needs, seamlessly connect diverse, large-scale IT landscapes, and accelerate future growth.

ENHANCED SUPPORT

We know time is of the essence, which is why the team at A&I Solutions provides fast, thorough, and forward-thinking action, helping to minimize IT disruption and downtime, ensuring critical business processes stay intact.

CUSTOM SOLUTIONS

At A&I, we pride ourselves on providing IT services with a personal touch. Our hands-on approach means that we'll work with you to find a detailed solution that is tailored specifically for you and your key business objectives.

Types of Services

HEALTH CHECK

A one-time assessment of your software to identify any weaknesses, resolve minor issues, and offer recommendations

IMPLEMENTATION & CONFIGURATION

Reliable and stress-free installation and configuration for a variety of software solutions across multiple environments

INTEGRATION

Quickly and securely connect critical data and applications across business units, platforms, and hybrid IT landscapes

UPGRADE

Boost performance and maximize product functionality by investing in new releases and staying up-to-date on industry advancements

Solutions Areas of Expertise

A&I offers advanced and integrated solutions to help modern businesses simplify tech challenges and maximize success. We provided the most comprehensive tools and resources to master all aspects of the digital lifecycle across mainframe, distributed, virtual, and cloud platforms. With 20+ years of experience dedicated to the Broadcom portfolio of products, we are well-versed in nearly all enterprise software solutions, with a specific focus on AIOps, Continuous Testing, Security, Continuous Delivery, Automation, Business Management, and Mainframe.

A&I has been a life saver in regards to being our business partner between Broadcom.
